

Super Sleuth

Simeon remained in Egypt, leaving only ten brothers at home. Use the clues below to work out which brother is which and whose sack is whose.

Write the names on each line.

Checklist of the 10 names:
 Reuben, Levi, Judah, Dan, Naphtali, Gad, Asher, Issachar, Zebulun, Benjamin

Brothers

Sacks

The oldest son has stripes on his head-dress but wears no belt.

The last son alphabetically has a wide belt with horizontal stripes.

Levi has horizontal stripes on his tunic.

Dan has vertical stripes on his belt.

Gad has a short coat over his tunic.

The brother with vertical strips on his tunic is Issachar.

Benjamin is the shortest brother.

Naphtali wears the same as Reuben but has no stripes.

Judah has no coat and no stripes.

The first son alphabetically has a beard but no moustache.

The biggest sack belongs to the brother with vertical stripes on his head-dress.

The brother with horizontal stripes on his tunic has the smallest sack.

The sack which has spilled belongs to the tallest brother. (Use a ruler if you like!)
