Help Noah find the pairs of animals

Solve the code to find God's promise

I have set my rainbow in the clouds (Genesis 9:13)

The Tower of Babel

For a long time after Noah's family came out of the ark, everyone spoke the same language. One day they said,

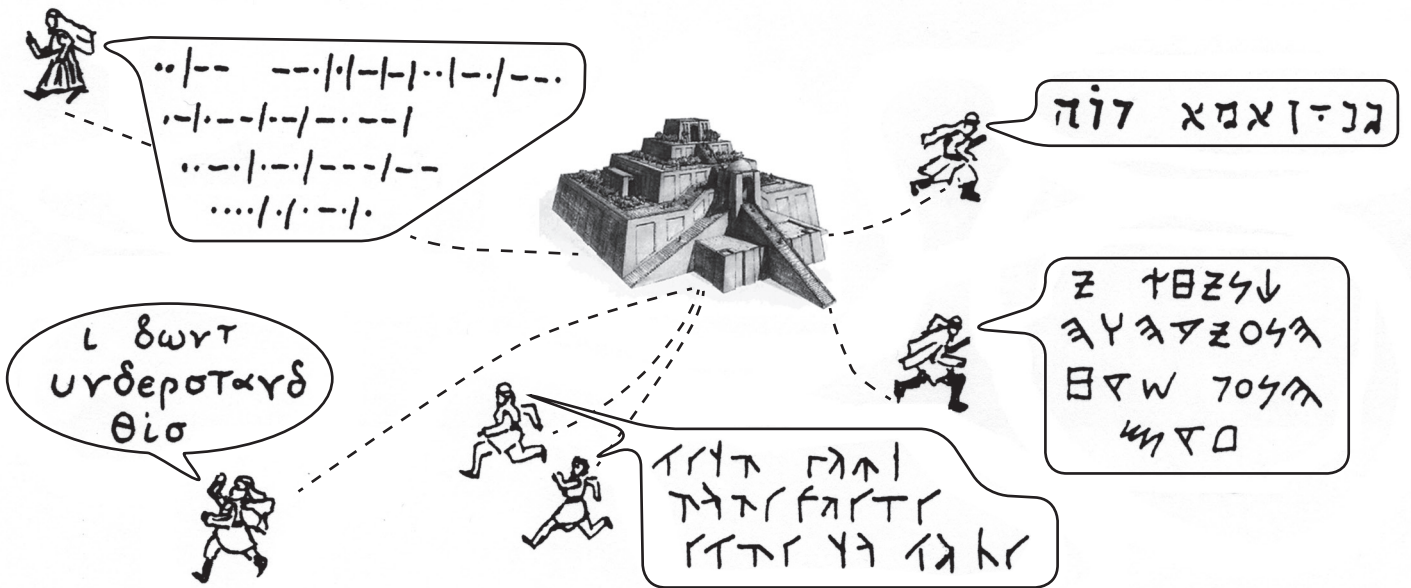

Let's build a tower that reaches to heaven. It will show how great we are.

And we won't get scattered over the earth.

But God thought they were thinking too much of their own importance so he made them speak different languages.

Work out how long it was between Noah going into the ark and coming out.
What else did God promise us apart from the fact that there would be no more world-wide floods?

God's rainbow

Cut out both items and mount on card. Cut the **Clouds** along the bold line as indicated. **Colour** the rainbow, starting with **red** on the outside. **Slide** the circle through the cut in the cloud. **Match** the centres and **secure** with a **paper fastener**. The circle can be **turned** to make the rainbow appear.
