

# God knew about disease - long before men did

Here are some facts about hygiene that have only been discovered by men in the last few hundred years.

Here are some rules that God gave to Moses to keep the Israelites healthy 3000 years ago.

Match the rules with the facts. Draw lines between them or colour them the same colour.

Pork goes bad very quickly in hot countries.

Birds of prey and ones that eat dead animals may carry disease around on their beaks

An infectious disease like leprosy was very catching

Too much fat is bad for you

An animal found dead may be diseased but you know about one you have killed yourself

Circumcision carried out at any other time than eight days old (except in proper hospitals) can be dangerous.

Boys are to be circumcised on the ..... Leviticus 12 v 3.

Someone with an infectious disease like leprosy must live ..... Leviticus 13 v 45-46.

You must not eat birds that ..... Leviticus 11 v 13-19.

..... is an unclean animal. You must not eat it. Leviticus 11 v 7

If you eat an animal you have found dead you must ..... and ..... Leviticus 17 v 15

Do not eat ..... Leviticus 7 v 22.

## Some readings for next week

Sunday	Exodus 25	verses 1-7
Monday		verses 8-12
Tuesday		verses 13-16
Wednesday		verses 17-19
Thursday		verses 20-22
Friday	Exodus 35	verses 30-33
Saturday		verse 34-36:1

In Sunday's reading, who helped? Think of something you could do for God. Find a picture of the atonement cover or mercy seat, or try to draw it from the description given.
