Make a bronze serpent

To make the bronze serpent you will need the following:

- **small stick** or garden cane
- **Cardboard tube** 25-30 cm long (from the centre of a kitchen roll or cling film)
- **red coloured paper** for eyes and tongue

Colour the tube bronze (spray paint or birthday wrapping paper).

Starting at one end made a spiral **Cut** to within 2.5 cm of the other end of the tube. You can cut along the seam line.

Cut a **tongue and eyes** from red paper and glue onto the serpent.

Wrap the serpent around the stick, fastening the inside of the head to the stick with glue or sellotape.
