

Rahab and the spies

Choose the right statement from the brackets

Joshua decided to send (2 / 12 / 100) spies to find out what Jericho was like. The spies went to the house of a woman called (Rachel / Rahab / Mary).

The king found out that the spies were in her house, and send a message (to bring them to him / that he was coming for tea).

Rahab hid the spies (in the well / behind a cupboard / under some flax) and told the king that (the spies had left / he could come for tea).

Rahab told the spies "I (think / hope / know) that God is with you. Please save (me / my family / the king) when you capture Jericho."

The spies agreed, and Rahab was told to (wave a flag / shout to them / put a scarlet cord in the window) as a sign to them.

The spies escaped (down a ladder / down a rope / through a tunnel) and hid in the hills for (half an hour / 3 days / a year).
