For many years, the Syrians were enemies of the nation of Israel.

**Isaiah** said 'Damascus will no longer be a city but will become a heap of ruins.' (Isaiah 17 v 1).

This came true later, when the Assyrian king Tiglath-Pileser III invaded both Syria and Israel and devastated both countries.

**Syria** is still roughly in the same place today.

**Listen** to the news - you may find it mentioned.
