What does this story teach you about what you should and should not do when there is a problem?

Can you think of any practical way you can help someone else this week?

What do you do to help others in need?

Find the names of those chosen to sort out the problem. Read off the letters that are left to find out what they have got themselves 'involved in'. Use the spelling of the New International Version.

Do you know of any ways that our community helps others today? See what you can find out about some of the organisations and what they do. Perhaps your class could organise a fund raising event to help one of them.
