

Make Eutycus and Paul out of pipe cleaners.

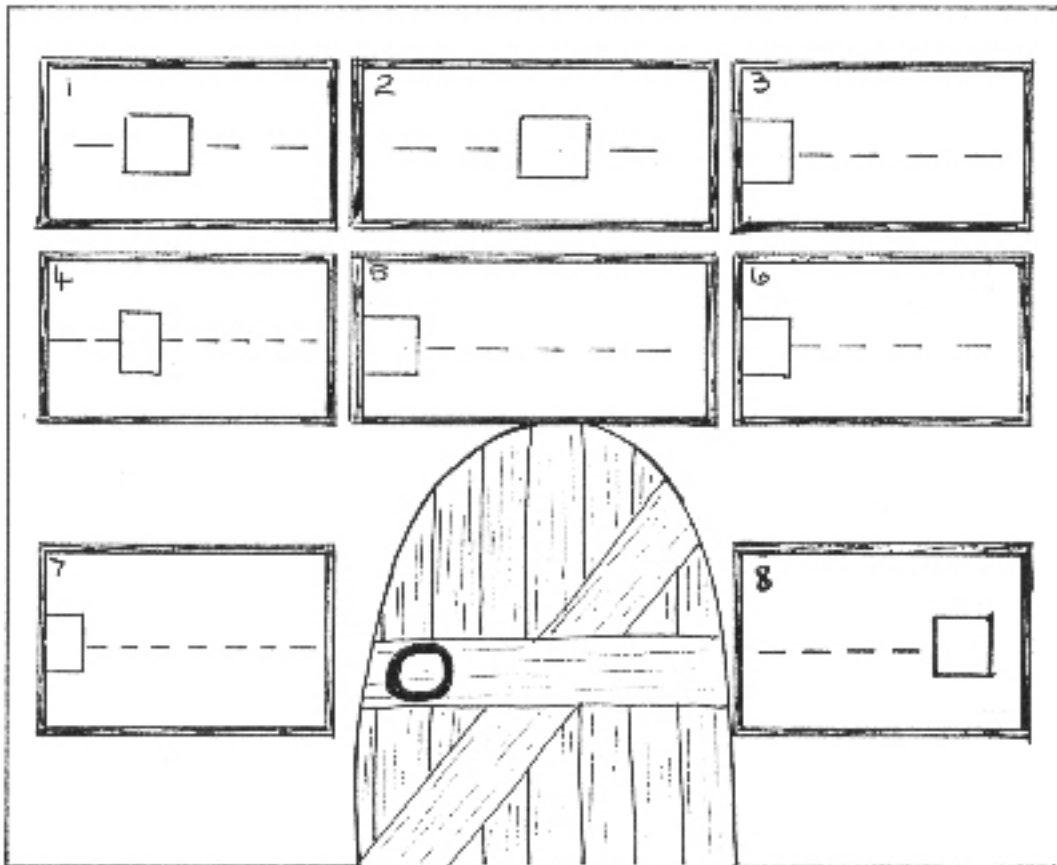

Dress them in crepe paper coats.

Make the building from a shoe box or a tissue box. Cut out the door and windows. Sellotape a window ledge inside the top window.

Now something harder ...

- 1 What happened to the boy who sat in the window?
- 2 Who was speaking to the people?
- 3 Which floor did the boy fall from?
- 4 Afterwards when did Paul talk until?
- 5 What did the boys eyes do when he was sitting in the window?
- 6 How did the people feel when Paul made him better?
- 7 Where did they go after Paul had made him better?
- 8 What were burning in the room?

Whose name have you made?
