## The last week

Many people have tried to work out when things happened in the last week before Jesus died. We can't really be sure but it is interesting to look at the things that happened to Jesus and his disciples during that time.

Use the references to find out the events and jot down what happened in the third column. You can change the order if you don't think the table is right.

(The NIV Study Bible has differences - p1452)

Ask yourself questions like 'Where did Jesus spend the night?' 'Is there anything that tells us when this happened?' and jot this information in the 4th column.

Friday	Luke 19:1-9		Entering Jericho
