

## 29 Baptism - Am I ready?

---

### Before you are baptised

What might prompt someone to say they want to be baptised? Are they good reasons?

What practical problems might someone have?

What have you learned about why a person should ask to be baptised?

### When you are baptised

What have you learned about why we conduct baptisms the way we do?

### After you are baptised

What is different about someone as they come out of the waters of baptism?

What have you learned about a person's life after baptism?

*What can you do now that will help you to be ready?*
